

Team Building

Corporate dragon boat team building events are an exciting way to motivate and build camaraderie amongst staff from all areas of a company. Our dragon boat events are extremely effective in helping participants to learn the key elements of a successful team and to promote team-centric thinking.

All of our sessions include dry-land instruction, on-water coaching, a racing experience, various team building activities and FUN! We offer a variety of packages based on the type of event you are looking for but we also pride ourselves on being able to completely customize the event to meet the unique needs of your organization. Along with multiple convenient venues to choose from, we will provide all the necessary equipment, coaching and instruction for your team to make this an event unlike any other!

With Water's Edge championship paddlers and professional coaches, your workgroup is guaranteed to get a glimpse inside the intricacies of making these tradition-heavy boats move - what we believe to be a quintessential team-building experience!

For more information on the Corporate Team Building Events that we offer, please call 604.657.7505 or [click here to email us](#) .

In 2006, Water's Edge Corporate Team Building Event for Seagate Technologies was nominated as one of the best Corporate Team Building Events in Canada by the Canadian Events Industry Awards.
